Dear Professor Ferrater Mora,

I am writing to let you know that the editors of Man and World have decided to publish Deano's article, La Evolucion de la Filosofia de Wittgenstein in Volume III, number 2 or 3, that is to say, towards the middle of this year.

We do ask one thing, however; namely, that you or the author might send us a short english summary of the article to accompany its publication. Thank you for your consideration.

Sincerely,

David B. Allison
