Dear Professor Ferrater Mora,

Thank you for your kind letter of February 3. I was sorry to miss the Bryn Mawr meeting, but it seems that all long trips must be stricken from my program for years to come (if I am so fortunate as to have years, which I hope for). I am very happy that you enjoyed the "P&D.G." It seems to me that we have more genuine discussion in the Group than in the regular meetings.

Yes, I have met Dr. Luis Romero, and enjoyed him very much. I have also met Dr. Julián Marías, and have enjoyed congenial discussion with him. Also I am corresponding with Risieri Frondizi, whose book on the self is near publication. I shall be very happy to see your El Hombre en la encrucijada. I'm glad you are allowing yourself to keep improving the Diccionario, yet I must say that I share Professor Romero's feelings as expressed in Democracia!

May I ask a favor of? In a few weeks I shall have a carbon copy of Chapter III of my Metaphysics ready. Would you be willing to read it and criticize it mercilessly? I'd be most grateful.

Note errata in Diccionario: Under Casq, García Máynez; under García, Máinez. Did R. Otto die in 1937 or 38 (see Ziegenfuss-Jung)? I do not find Bhankara or Ramanauja, (ever under Fil. Oriental).

10-III-52.

Most cordially yours,

E. S. Brightman
