Dear Mr. Ferrater Mora,

Many thanks for your letter of April 30th. The Lecture Series committee is delighted that you would prefer to talk on Descartes. Your lecture will then come on Monday, October 13th, 10:30 A.M. at the Newton D. Baker building on the Western Reserve University campus.

Perhaps you would like to know who the other speakers will be. On the first Monday Mr. Thomas Proctor of Wellesley will speak on "Why Study Plato!" On the third Monday, Mr. Bronthius of Vassar will talk on John Dewey, and on the fourth Suzanne Langer from Connecticut on the Langer philosophy. As a result of this change in emphasis we have decided to call the series; Living Philosophy.

We would appreciate it very much if you would send us a short biography of yourself and also two photographs (glossy prints) for publicity purposes. We are also looking forward to getting the short reading list.

Many thanks,

Sincerely,

Margaret J. Clowes
