Dear Prof. Ferrater-Mora:

I was quite impressed by the paper you read at the recent MLA meeting in New York, and was wondering if you would consider submitting your manuscript to Hispanófila for our consideration. As Prof. Marichal pointed out, your paper, concerned primarily, perhaps, with the philosophical problems of the XIX century, is of interest to those concerned with the literary implications of these problems.

If accepted for publication, your article would be included in either the May or September, 1959, issues of Hispanófila. We can offer separatas at a reasonable cost.

I hope to hear from you soon.

Sincerely,

A. V. Ebersole
