Dear José

Thank you so much for leaving me your book just before our departure for Wayland. I have just this minute been unpacking books and shelving, realized how many Ferrater volumes I have. I'm afraid that many people must think you are a syndicate! You did not tell me that you and Renée had separated although I heard remarks from a variety of sources. I hope that you will be able to settle on a play that will be human and viable for you both.

I've been hard at work at a consultant for fund raising + alumni organization to Worcester Polytech. Inst and will begin labours at Holy Cross Sept 1. I'll be in Bryn Mawr [*il-legible*] during Sem I since I've contracted to Harris Wofford as a consultant on a per diem basis for 20 days. What a queer life. Again thanks and best greetings
