

May 19.

Dear Mr. Fennell,

Thank you for your help and
patience with me during the past
weeks. I especially appreciated your
thoughtful telephone call. It came at
a time when I was feeling a bit
shaky and wondering whether I
would ever get to the library for
the year. Your encouragement

was most appreciated.

Working with the Spanish Depart-
ment has been an exciting experience.
I am particularly proud that you
were on my Row with me.

Our greetings to your family.

Yours sincerely,

Hope K. Goodale
