Dear Mr. Ferrater,

Enclosed a review which you have probably already seen. I send it along, por si acaso. Now that I've read the review I suppose I shall have to read the book!

We are delighted with Madrid. We have an old-fashioned but comfortable apartment with a magnificent view of the city. Our respective work is proceeding in a stately madrileño tempo, i.e. slowly. My husband is having better luck with music than I with krausismo, however, I shall persist and hope to have something definite to report to Mr. Ayala in the near future.

Mr. Goodale joins me in sending you and your family our greetings.

Sincerely,

Hope K. Goodale
