Dear Mr. Ferrater Mora,

Would you please recommend me to Prof. M. Schwartz the acting chairman at the Department of Philosophy at Hunter College in the Bronx. Right now I am merely a lecturer in the eveni school without any tenior of rank.

Mr Schwartz is a new chairman and seems to be interested in me. He knows you, I don't remember whether privately or that he heard a lecture of yours; at any rate he seems to be interested in your opinion. I know that the topic of my dissertation was not too much to your liking, could you recommend me more in terms of [...il-legible] a good student, having a [...il-legible] background etc. I asked also Mr. Nahm and Miss Starens for letters and I hope it will finally work out.

Sincerely
