

March 24, 1969

Dear Mr. Ferrater,

Thank you so much for the note about J. Kroll. And thank you indeed for your attempt to gain some money for Kroll.

He is to be accepted, isn't he? If he is, I'll think he'll come even without money for his first year. (If he is not to be accepted, I shall come down there and throw a great temper tantrum, of course!)

I'll come down –not for purposes of tantrum throwing during my spring holidays which are in early April. I'll look forward to seeing you.

Thank you for the word about Filosofia. I have just myself received a copy of the journal. I haven't yet any reprints, however. But I'm happy the article is out.

Sincerely,
[Signatura]
