Dear Professor Ferrater-Mora,

Having seen the comments on your book El Ser y la Muerte in the latest Rev. of Metaphysics, I am eager to obtain a copy. Is there a dealer in the U.S. who handles this book? If so, what is the price?

If you have some extra copies on hand, perhaps you would be willing to make a swap. I could send you either Anderson & Johnstone, Natural Deduction, or Essays in Philosophy by ten members of our department.

I thought our symposium at the Congress was fruitful. You certainly did a magnificent job of presiding at the third session.

I ~~have~~ wish our encounters could be a little less infrequent. Will you be at the A.P.A. meetings in Washington?

With every good wish

Sincerely yours,

Henry W. Johnstone Jr.
