Dear Professor Ferrater Mrs,

Would you please supply the date of publication for the book by M. HENRY, and the place of publication for R. INGARDEN, in the bibliography?

Perhaps you would care to include, as most other contributors have, a reference to ~~the~~ previous survey in your bibliography. Since you refer to the survey in your text, and since, strictly speaking, its date of publication falls within the period covered by your article, a reference to it would indeed be welcome. The relevant article is the survey by Father L.B. GEIGER, Métaphysique et Théorie Générale de la Philosophie, in: Philosophy in the Mid-Century, v.2, Florence, 1958; second edition: 1961.

I look forward to receiving your typescript back from you in the near future.

With best regards,

Yours sincerely,

Raymond Klibaneky.
