Dear Mr. Ferrater:

I would like very much to have you as a reference on my applications to Graduate schools, if you feel you have had enough scholastic contact with me to make an evaluation.

You may recall I was absent during most of German Idealism last year because of illness, and consequently did poorly on the exam. I think it might be particularly helpful to have a recommendation from you, as my final grade from that course is so far below my other Philosophy grades, and as I was able to do satisfactory work for you, only afterwards, on the paper.

I would like to give your name as reference on my application to Pennsylvania State University if you are willing to undertake these recommendations.

Sincerely,
