Dear Professor Ferrater-Mora:

Dr. Stanley Rosen has applied for a postdoctoral fellowship at the Institute for Research in the Humanities at the University of Wisconsin. He has given your name as someone familiar with his work. Dr. Rosen has said that he plans to complete a book, Aristotle's Concept of Mind, during the course of the year should he receive a fellowship. Our Board of Selection would greatly appreciate your comments, both as to Dr. Rosen's abilities and to the importance of his particular area of research.

Your help will be welcomed in our efforts to make a decision.

Sincerely yours,

*Marshall Clagett*
