Dear Mr. Ferrater Mora;

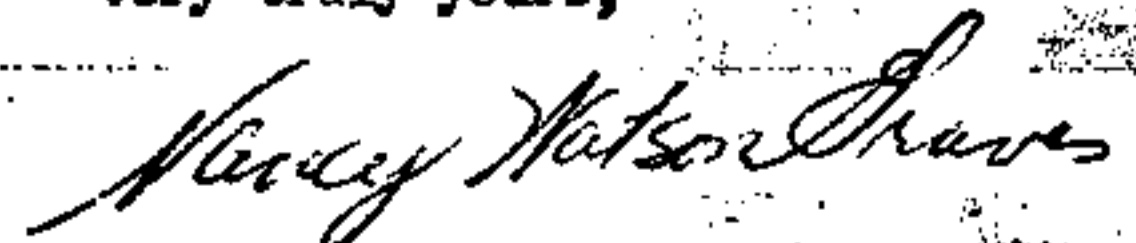

If you will remember, I was a philosophy major at Bryn Mawr, class of 1962. I have recently decided to continue studying philosophy in graduate school next year. I am applying to Harvard, University of Pennsylvania, and University of Michigan.

Two weeks ago I visited Bryn Mawr and spoke with Mr. Nahm and Mr. Leblanc, who offered to write letters of recommendation for me; however I was unable to find you to ask you if you would do the same. Unfortunately my work schedule (I am working in a nursing home near Doylestown) will not permit me to get out to Bryn Mawr again before Feb. 1, which is the deadline for application to Harvard. Therefore I am forced to make this request by letter instead of in person as I had hoped. Would you be so kind as to write what you can remember of me on the enclosed form and send it in the envelope I have provided?

When I receive the rest of the application forms from Michigan and Penn, I shall try to come see you personally. I should appreciate any advice or suggestions you might give me concerning graduate school.

I hope my request will not in any way inconvenience you. Thank you very much for your cooperation..

Very truly yours,

Nancy Watson Graves
