

INDIANA UNIVERSITY

BLOOMINGTON, INDIANA

DEPARTMENT OF ANTHROPOLOGY

March 30, 1962.

Dear Professor Mora:

It was good to hear from you and I appreciate very much your kind note. It was a pleasure to have your visit with us; I feel that we are kindred minds and that we can communicate as friends. I do hope there will be other opportunities in the near future for us to meet and talk things over. I should like nothing better. Perhaps, in view of our conversation, if you hear of a suitable position in the East you may bear me in mind; I should be interested in a change of intellectual climate more congenial to my interests and personal and spiritual needs.

With kindest regards and best wishes,

Cordially yours,

*Howard Crosby*
