

February 15, 1967

Dear Dr. Ferrater Mora:

I wish to thank you for your participation in my preliminary examinations. You and your committee could not have been more cordial or considerate to me. I have always felt myself fortunate in having been accepted to the Graduate Program at Bryn Mawr. Since my arrival five years ago, I have been impressed by the happy combination of brains and humanity on the part of the Faculty.

Sincerely,

*Leonard A. Brownstein*
