Dear Professor Ferrater-Mora:

Thank you for your letter of 14 January, and for the opportunity to consider your article, "Fictions, Universals, and Abstract Entities," for publication in the Review of Metaphysics.

Although I am returning your essay under separate cover, this does not represent a negative judgment with respect to its quality. The limitations imposed by available space and the specific character of the Review prevent it from utilizing many manuscripts worthy of publication.

With all good wishes, I am

Sincerely yours,

Jude P. Dougherty
