Dear Professor Ferrater-Mora

I am enclosing a xerox of the letter sent you on 12 August 1983, confirming arrangements for your participation in our February Conference on the Philosophy of the Human Studies, simply to refresh you on format and details.

If you have any specific questions, or need particular arrangements made from this end (for instance, I had a dream last night that one of you would eat only applesauce!), please contact me, either at Temple or at my home, telephone 215-879-9153 (evenings).

We have all been pleased with the conferences thus far and are looking forward to your participation.

Sincerely,
