DEPARTMENT OF PHILOSOPHY

January 15, 1982

Professor Dr. Michael Wolff Universität Bielefeld Fakultät für Geschichtawissenschaft unf Philosophie Abteilung Philosophie Postfach 8640 4000 Bielefeld l

Dear Professor Dr. Michael Wolff:

I am pleased to answer your letter of December 23, 1981 (which arrived with some delay) concerning the candidacy of Professor Dr. C. Ulises Moulines.

Indeed, as you remark, Professor Moulines has produced, in German as well as in English and Spanish, a substantial amount of work in the field of the theory of science. This work has gained him a well deserved reputation among specialists in this area. There is no doubt that Professor Moulines' careful examination of a number of wissenschaftstheoretische themes along the lines of Sneed and Stegmüller is of an extremely high caliber.

On the other hand. I wish to point out that Professor Moulines has also carried on a substantial amount of solid and original research, mostly in Spanish, in the field of general philosophy, with special emphasis on metaphysics, ontology, and epistemology. His published writings on the vexing question of the nature and presuppositions of materialism, on phenomenalism, and on the analytic-synthetic distinction, among other subjects, testify to his exceptional capacity to tackle general philosophical issues. He brings to bear not only a most welcome analytic and synthetic talent, but also a remarkable knowledge of the historical philosophical background. As a consequence, Professor Moulines is very highly regarded as an original philosopher. I certainly think that he fully deserves this reputation. If I were asked to single out the most capable young philosophers in the Spanish-speaking world -- and I would add "other worlds" for that matter --. I would certainly include Professor Moulines among them, and I would give him easily first rank.

Professor Moulines is truly <u>ein Philosoph</u>, and one who is undoubtedly to contribute to the prestige of any Department of Philosophy. I recommend him fully and unreservedly for a teaching and research position in your University.
