Dear Mr. Mora,

Your letter I opened with some hesitation. I was afraid you had been asked to go to Harvard - Yale - Princeton!

It is a great pleasure to know that the invitation you are considering is an honorable but not too time-consuming appointment to the International Philosophical Institute. If I am asked to send any kind of authority from the College I shall be most happy to do so.

I was delighted to have your postcard and know that your summer was going well. Now from your letter I find that you are bringing out books at an extraordinary rate, even faster than your own record speed!

Best wishes to you - I look forward to seeing you and am only sorry the summer isn't longer -

Sincerely,

Kathy McBride
