

Aug 25

Dear Mrs. Ferrater,

I guess I turned over the left over Money a bit too soon. The day before Jaime left, we took his bicycle to the express office- minus a carton.

He + Ted ripped the carton in opening it when the bicycles arrived and there's no where here to get one. When we left the bicycles, the express man wasn't there and yesterday when I went to pick up the receipt I found it is now [*Ago inot?*] Express Company rules to take a bicycle uncrated. So this morning my father switched the pedals + handle bars + we took it to the carpenter shop to be crated I paid \$ 8,00 for the crated. Expensive but I didn't know what else to do. Please don't send the check here but to Wynnewood as I'll be leaving a week from Today.

I always hate to leave this beautiful spot for hot, humid home

Most cordially,

[signatura]
