

Sept. 29, 1959
Princeton, N.J.

Dear Ferrater Mora:

Here is "The Idea of Reality" for your perusal. Do not be too sad if it seems an extremely poor job. I would like you to correct "filosoficamente", and not even have it typed up in clearer form except for your own convenience... Then if you would please return it to me and I will improve, nay, perfect it.

In a week or so I will have finished the untranslated chapters (4 and part of 3) and will send them to you before October is far along.

I enclose last letter from G.J. answering my request for completed chapters.

Thank you very very much for your Diccionario. I have been eyeing it covetously for some years now.

Un abrazo cordial de

Felipe
