

Dear Professor Ferater Mora,

Do you have yet a reprint of your article on Wittgenstein that was printed in the last issue of the PPhR? It is the most thoughtful and most penetrating analysis we ever read on the subject, and I asked Mrs. Taubes to tell you so when I read the German version in the Monat, but she is still "preparing" for a long letter to you – but I do not want to way so long.

Sincerely yours

[signatura]
