Dear Aurora,

Thank you very much for your kind remembrances & Christmas card, but I am terribly sorry to have to tell you that poor Truda died on May 28th last.

She very much valued your friendship & often spoke of you with great affection.

She had a heart attack a week before she died & appeared to be making a good recovery but a week later she had another, she was taken to hospital & about 6 hours later she died without really knowing where she was, for which I was very thankful because she had such a dread of hospitals, having spent so much time in them during the last 10 years or so.

She was cremated as was her wish on June 2nd, a very simple ceremony with no flowers.

Now I feel terribly lonely but I would not wish her back or even that she should have recovered, because she would only have had to suffer & endure much more pain, she is now at rest.

Yours sincerely

Jim Searle.
