Dear José:

Thanks very much for your letter of 29 December. It reached me on the 3rd of January, precisely the same day as the books from Spain. So all in all, no great loss has occurred. My only regret is that I did not have the books before the holidays. I was in New York and saw both Nozick and Rabassa. Whether they're going to be in town after the holidays is uncertain. However, I'll do my best to get the books to them with all speed.

Warmest good wishes to both of you.

Yours cordially,

Peter B. Goldman
