

Dear José, #1972

3 June 1988

Can you please tell me the date of death of Erich PRZYWARA (born 1889), prof. of theol. at München? You list him as alive in 1965 but I can't find anything for his death which I presume must have occurred since. You won't believe it, but my publishers persuaded me some years ago to do a dictionary (modest comp. aff. with yours) of religion! In an unguarded moment I undertook it! I hope all goes well with you. ¡Hasta la vista! W. J. B.
