Dear Professor Ferrater Mora:

I am enclosing your airline ticket to Madison. You will notice that your departure from Philadelphia is on Wednesday, March 25, and that your departure from Madison on Sunday, March 29 has been made for 5:40 p. m. Professor Ciplijauskaite tells me that she plans to meet you at the airport.

I Professor Ciplijauskaite would like you to bring with you a brief statement of items that you would like included when you are introduced to your audience. You should also bring your paper in final form (the one for the symposium) so it may be submitted to the press immediately. And, finally, do you have any allergies? If not, you need not respond. If you do, she would like to know which foods you must avoid.

Cordially yours,

Loretta Freiling,
Program Assistant
