My dear Mr Faust

you are really too kind to have sent me the bulbs of the crinum , I was very anxious to have them .

I really am upset that you shd be taking so much trouble over the little cart , even to have had to have the wheel sent to Barcelona , you are too kind but I hate to have given you so much trouble , I wrote to you two days ago .

We are very busy transplanting many plants in the cacti garden to make room for all the opuntias that you gave me that are doing so well & growing so fast .

Again so many thanks

yours very sincerely
