Dear Professor Mora,

Thank you very much for your letter of August 25th concerning the nomination of Geddes MacGregor as an Ingersoll lecturer. We are very glad to have your opinion of Professor MacGregor's work, and certainly we take your comments very seriously. Caroline W. Bynum has agreed to give the Ingersoll lecture in 1989, but we shall be glad to consider Professor MacGregor in a later year. Suggestions and recommendations from distinguished colleagues and friends are extremely welcome.

Sincerely,

Clarissa W. Atkinson
