BALTIMORE 10, MD.

Oct. 12

Dear Mr. Ferrater - Mora -

Your proposal to discuss
The requirement of philosophy
at Bryn Mawr sounds
very good, particularly as
it has actually been
The subject of debate on
campus. A further discussion
of what a study of philosophy
contributes to present day
education also sounds

most interesting. Both
of these will interest
alumni very much and
seem to me most appro-
priate for presentation
to such a heterogeneous
group as an alumni
club is.

You are very kind indeed
to go to the trouble of coming
to speak to us, and I will
meet you at the Baltimore station
at 6:09 PM on November twelfth.
21-X-62 Very sincerely, Allen W. Allen
