Dear Professor Ferrater-Mora:

I am pleased to send you this copy of The Realm of Art in return for the copy of Man at the Cross Roads which you so kindly sent me a year or so ago.

I hope you like my book on art as well as I did yours. I am working in the field of political philosophy in the broad sense, and I found your book most penetrating and helpful. Now that I am focusing my attention on contemporary life and culture, I hope to reread your study as a means to a clearer grasp of the fundamental social issues today.

Sincerely,

John M. Anderson
