

of apprenticeship, going each day
to the hospital, seeing patients
(under supervision) and following
full-fledged Medicine Men around
as they minister to the sick.
I love it, mainly because I
enjoy the people, the immediacy
of the problems, the tough
scientific questions behind the
problems. I hope to combine
clinical experience with related research.

Love to your wife and
Jaime. (By the way, my
partner in instruction, a fellow

Dear Mr. Tenwater-Mata, Dec. 26, 1960

A very happy New Year to
you and your family! I hope
that your summer trip to
Europe was a good one, and
that the duties of introducing
adolescent girls to the rigors
of philosophy have not spoiled
your autumn!

I continue to study the
more physical side of man
in medicine, in which I am
now at the stage of a sort

student, from Costa Rica, is named
"Jaime" and is everlastingly
grateful to me for pronouncing his
name with some approximation of
Spanish! — all of which I owe to
your son!)

May this be a good year for
all of you.

Till I see you again,

Yours sincerely,

Martha Bridge
