Professor J. Ferrater Mora
Bryn Mawr College
Bryn Mawr, Pa.

Dear Mr. Ferrater,

I am ready to begin
working again — now that
my new daughter is 4 months
old and my ego has
recovered from my quite
deserved failure.

When I spoke to you,
you indicated that the
exam should be taken

again within a year; the letter
from the Dean's Office says
that they should be taken after
a year elapses. Which is
right?

Will you be in the
Philadelphia area this
summer?

Many thanks.

Sincerely,
Janis Brodie
