Professor J. Ferrater Mora  
Bryn Mawr College  
Bryn Mawr, Pa.

Dear Mr. Ferrater,

I am ready to begin working again – now that my new daughter is 4 months old and my ego has recovered from my quite deserved failure.

When I spoke to you, you indicated that the exams should be taken again within a year; the letter from the Klean's Office says that they should be taken after a year elapses. Which is right?

Will you be in the Philadelphia area this summer?

Many thanks

Sincerely,
