My dear Professor Vives,

In a letter of 18th November our Book Review Section in London said they were sending you Arthur Koestler's book on Palestine PROMISE AND FULFILMENT, Unfortunately, it has not yet arrived.

I am extremely pleased with your review of THE EXPLORATION OF THE PACIFIC in last week's DESTINO and write to thank you for your continued collaboration and intelligent work on behalf of European culture.

Yours sincerely

Thomas K. Brady
