Dear Professor Vicens

I have received this book "The English Past" by A. L. Rowse from London, and I am sending it to you with my good wishes. Perhaps you may manage to publish a review of it.

I hope you and Sra. Vives are very well, and the family also, and I shall be very happy if you can come to the Reception of the Institute on Monday.

I had a letter from Professor Toynbee, who is most deeply grateful to you and Sra. Vives for your kindness to him and his wife when they were in Barcelona.

Kindest regards,

Robert K. Brady
