

New College,  
Oxford.

Dear Professor Vicens,

I am writing  
to you to give you some idea  
of the activities you will  
be subjected to here!

On The 2nd December  
there will be a dinner party for  
<sup>and your wife</sup>  
you, to meet some historians  
and Professor Toulet. On The  
4<sup>th</sup> Mr Long will have invited  
you and Mrs Vicens to meet your friend  
Siffi: for Monsieur de Julas  
is coming down from London to

a luncheon party here in Oxford.  
On the 5<sup>th</sup> there will probably be  
a luncheon party given by the  
Reynis Professor. Professor Fisher  
very much wants you to meet  
him in London and is suggesting  
some dates to you. I can always  
take you and your wife to  
London whenever it suits you.

We are much looking  
forward to meeting you

Yours sincerely

Raymond Carr
