Dear José (very glad to reciprocate -
it was a welcome idea of yours!)

It was good to hear from
you. I was wondering
myself when we'd be getting
some withholding tax statements.
I checked, and found out that
they were ready to be sent out.
You should be getting yours this
week - I hope they will reach
you without delay.

I do hope we will meet
again this year. If your
excursions take you this way,
you know you have a
permanent invitation!

We remember with great
pleasure the good days we

Spent with you in Paris
and suburbs. Do you recall
the fun in Chantilly! And
that beautiful drive!
Many thanks again, for
everything.

From all three of us, a
happy new year to you
all.

Sincerely,

Arthur

P.S. Did you ever go back to
rediscover the elusive
row of trees?
