Dear Dr. Vicens,

Thank you very much for your letter of 23 November. Dr. Nadal had told me that you were hoping to come to England and that you might perhaps have time to come to Liverpool. I was delighted at the prospect of seeing you again, although I regretted the fact that, since the notice was so very short, it would not be possible to arrange a tour of lectures for you. Although, therefore, I am most disappointed that you are not able to come and see us on this occasion, I hope that sometime in the near future you will be able to do so and that we shall have been able to make arrangements for you to lecture at this and other Universities.

I am happy to say that Dr. Nadal is getting on well with his work here and I hope that, despite certain difficulties over accommodation he is now feeling quite settled. I also hope that he is able to combine with his teaching duties in the Department a certain amount of his own research work, and that he will make some progress with his English.

Yours sincerely,

Dr. Vicens Vives,
Barcelona.
