Professor José Ferrater Mora
Department of Philosophy
Bryn Mawr College
Bryn Mawr, Pennsylvania

Dear Professor Ferrater Mora:

The Departments of Philosophy and Spanish and Portuguese would like to have you come to Indiana University some time during the second semester to give a couple of public lectures and meet with graduate students in the two Departments for a seminar session.

As possible topics, we should like to have lectures relating to Spanish or Spanish-American philosophy dealing preferably with contemporary trends.

The University would be will to pay \$300 and take care of your lodging in the Union Building. We would like for you to plan on spending some three or four days on campus, if it is convenient for you to do so.

Hoping that it may be possible for you to accept our invitation, I remain

Sincerely yours,

Harvey L. Johnson
