

THE BRYN MAWR CLUB OF NEW YORK

Dear Dr. Fenster Mors,

Thank you for your letter; we are delighted with your choice of topic!

I am enclosing a copy of the invitation for you to see and hope it meets with your approval. Mrs. McIntosh will treat the theme from the point of view of education and being a parent; Mr. Greenleaf's major interest is in the development of the individual so he may speak on that although we have not yet heard. We have no idea what Mr. Schwartz will speak on; apparently he is quite a fiery individual.

Would it be possible for you to arrive at The Spence School sometime between 10.30 and 10.45? In that way you will have a moment to ~~see~~ meet the speakers you don't already know.

We would be delighted to arrange for you to spend the night in New York - Friday, Saturday or both - if you could let us know.

We also hope that your wife will be coming

up with you.

Very sincerely,

Caroline Macomber
