

Dear Dr. Ferrater Mora,

Thank you for your letter: we are delighted with your choice of topic!

I am enclosing a copy of the invitation for you to see and I hope it meets with your approval. Mrs McIntosh will treat the theme from the point of view of education and being a parent, Mr. Greenleaf's interest in the development of the individual so he may speak on that although we have not yet heard. We have no idea what Mr. Schwartz will speak on; apparently he is quite a fiery individual.

Would it be possible for you to arrive at the Spence School sometime between 10.30 and 10.45? In that way you will have a moment to meet the speakers you don't already know.

We would be delighted to arrange for you to spend the night in New York –Friday, Saturday or both- if you could let us know.

We also hope that your wife will be coming up with you.

Very sincerely,

(Mrs. John Macomber
