Dear Professor Ferrater Mora:

Many thanks for your kind letter of March 4th. We all enjoyed your visit here very much and want to thank you again for your stimulating papers and discussion.

I thought a few minutes after you had taken the plane from the Raleigh-Durham airport how fortunate you were to have gotten away ahead of our big snow storm. I'm glad to know that your trip back was pleasant and rapid.

Thanks again for your kindness. All good wishes to you.

Sincerely yours,

Charles A. Baylis
