

1422 S. E. 12th St.

Ft. Lauderdale, Fla.

Aug. 11, 1957.

Dear Dr. Ferrater Mora:

You may have heard that a conference is being held on Sept. 4 at the Wisconsin MLA meeting for the purpose of establishing a permanent section in Provençal & Catalan, linguistics and literature, both medieval and modern, in that association.

This preliminary meeting will be largely devoted to a discussion of projects to be undertaken by the group and the planning of a program for the New York meeting of 1958.

The conference has been scheduled at the invitation of leading figures in the fields of Provençal and Catalan studies. Those who cannot attend the Wisconsin meeting have sent a detailed outline of what they think essential to the discussion and these letters will be read and considered there.

We are very eager to have you with us and hope you will give us the benefit of your valuable advice.

Hoping to see you at Wisconsin,

27-VIII-57. Sincerely,
Josephine de Boer
