DEPARTMENT OF PHILOSOPHY

Dear Professor Ferrater Mora:

Thank you for the loan of the Maritain books, which I shall return in a day or so, or at least Saturday at the F.C. meeting. One book I had, another is in our library, the third (Phil of Nature), I had listed but had never seen. I have tried since '57 to "double-check", that is, verify by personal inspection every one of 1500-1600 items. It has been a killing job.

I enclose a notice concerning the Maritain Bibliography and make bold to enclose something concerning myself. I have a number of books in preparation but various responsibilities have delayed their appearance. I keep working all the time.

As I told you, I am a great admirer of your Dictionary. From my own limited experience, particularly working with one author (Maritain), I have something of

an appreciation of what a tremendous
undertaking it is. In spite of the
fact that I am extremely busy this
year, I have a number of suggestions
I'd like to send you for the next
edition -

Sincerely yours,

Donald A. Gallagher
