

June 3, 1982

Dear Professor Ferrater Mora:

My heartfelt thanks to you and to Priscilla for your warm hospitality during this past school year. I benefitted from all our discussions, and I enjoyed being a participant in them. It is my hope that we shall be able to meet again on future dates, and that I too will eventually be able to present some interesting thesis for discussion.

I hope that you and Priscilla will have a very pleasant summer.

Sincerely,

*Syrene Calderone*
