Dear Mr. Fenster Mosa,

I thought I'd write to let you know that we saw your movie the other night. However, we had to get home by a certain time, & didn't get a chance to say hello, or whatever.

We both liked the movie quite a bit. I thought it structurally more complex, <sup>perhaps only</sup> or rather, smoother than earlier movies, & Cathie felt that was because the content was <sup>presented</sup> more engagingly.

Also, we thought the ending emotionally involving, even despite the fact that I wasn't, until the end, all that involved with the two major characters.

At any rate, we were happy to see another of your movies, & we thank you for having invited
