

Date 4 May 1988

Dear Professor,

It is time once again for you to let us know how we may best meet your requirements for study space in Canaday Library for the next academic year.

As a faculty member emeritus you have first priority in the assignment of library carrels for as long as you wish to remain academically active. Owing to the small number of carrels set aside for faculty use, we must try to ensure that the available space is utilized to the fullest. We, therefore, respectfully ask you to fill out the request slip printed below, clip it, and return it to us by 20 May 1988. Should we have no reply from you we shall have to assume that you will have no use for a carrel during all or any part of the 1988-89 academic year. Of course, you could always reapply for a carrel in the future with the assurance of first consideration.

We would like you to know that your presence and visibility in the Bryn Mawr College Community is a continuing source of pleasure to us all.

With very best wishes,

Richard C. Gonzalez
Chair
Faculty Library Committee
