

Haverford College  
Haverford, PA.

Dear Doctor Ferratemorra:

On behalf of the Haverford Philosophy Club, I would like to invite you to address our small group. Haverford is afflicted with a notorious dearth of Hegelians, and a definitive talk on the dialectic and its logic would certainly be well received. So far, the dates we have been able to reserve are:

November 14

December 12

Both are the second Wednesdays of their respective Months.

A 6:30 dinner for the speaker precedes the the 8:00 o'clock meeting at which the talk is delivered. A discussion period of varying length and intensity brings the meeting to a close.

Could you let me know if it would be convenient for you to address us?

Sincerely,

Joerg Winterer  
President, Haverford  
Philosophy Club

13-X-62.

Professor Ferratemorra
