Professor Jose Ferrater Mora  
Bryn Mawr College  
Bryn Mawr, Pennsylvania

Dear Professor Mora:

I have heard from my good friend, Esther Wagner, that you will be here giving a benefit lecture for Bryn Mawr College on January 11th. Would it be possible for you to arrange to stay over that day to give a lecture that evening for an audience composed of members of this community and students and faculty of the College. This talk would be scheduled in our College-Community program.

It would be a privilege to have you here on this campus. I hope that arrangements can be made which will be convenient for you. I feel sure that the matter of honorarium can be decided later satisfactorily.

I would appreciate hearing from you as soon as possible so that we can make plans for scheduling the date.

You may be interested to know that our Professor of Philosophy, Dr. Robert Sharvy, has ordered your recent book for our Library.

Sincerely yours,

Ruth E. Winter (Mrs. Edwin W.)  
Director - College-Community Program
